Understanding TMs and HMs in Pokémon FireRed

What Are TMs and HMs?

Technical Machines (TMs) and Hidden Machines (HMs) are in game items that allow your Pokémon to learn specific moves. TMs teach a single move, while HMs enable your Pokémon to perform special actions that can help you traverse the world—such as cutting trees, flying over obstacles, or swimming across bodies of water. In FireRed, there are 50 distinct TMs and eight HMs, each corresponding to a unique move or ability.

Why Use GameShark for TMs and HMs?

While the game's progression naturally rewards you with a handful of TMs and HMs, obtaining the full set can be time consuming. GameShark codes bypass the usual in game acquisition methods, instantly granting you the desired items. This not only saves hours of gameplay but also opens up creative battle combinations and exploration possibilities that might otherwise be out of reach.
