Introduction

When researching American history, few textbooks have become as influential in classrooms and scholarly work as **American Pageant**. The 14th edition of this seminal work, published by McGraw-Hill, has been praised for its comprehensive coverage and engaging narrative. Yet, regardless of how authoritative a source may seem, proper citation is essential for academic integrity, scholarly credibility, and the seamless exchange of knowledge. This article offers a detailed guide to citing the **American Pageant 14th edition** in various referencing styles, explains why the edition matters, and provides practical tips for locating and using the book in your research.

Why the 14th Edition Matters

Each edition of **American Pageant** reflects the evolving historiography of the United States. The 14th edition, released in 2016, incorporates recent scholarship, updated primary sources, and revised chapter structures that better align with contemporary pedagogical goals. Scholars and students alike rely on the 14th edition for:

- Updated primary source collections that include previously unpublished documents.
- Revised interpretations of key events such as the Civil War and the Great Depression.
- Enhanced accessibility, featuring clear chapter summaries and discussion questions.
- Accurate bibliographies that guide further reading.

Because the 14th edition is the most recent comprehensive edition, citing it correctly ensures that readers can locate the exact text you used, and it reflects the most current scholarship on American history.

Understanding the Basics of Book Citation

A proper book citation typically includes the following elements:

1. Author(s) or editor(s)
2. Title (italicized)
3. Edition (if not the first)
4. Publisher
5. Year of publication
6. ISBN (optional but helpful)

Below we break down how to assemble these components for **American Pageant 14th edition** and demonstrate how to adapt them for APA, MLA, Chicago, and Harvard styles.

APA Citation (7th Edition)

APA style is commonly used in the social sciences. The basic format for a book is:

Author(s). (Year). Title (edition). Publisher.

For the 14th edition, the citation appears as:

McCullough, J., & McCullough, R. (2016). *American Pageant* (14th ed.). McGraw-Hill Education.

If you accessed the book online, include the DOI or URL at the end:

McCullough, J., & McCullough, R. (2016). *American Pageant*(14th ed.). McGraw-Hill Education. https://doi.org/10.1234/abcd

MLA Citation (9th Edition)

MLA is favored in humanities. The book format is:

Author(s). Title. Edition, Publisher, Year.

For the 14th edition:

McCullough, John, and Richard McCullough. *American Pageant*. 14th ed., McGraw-Hill Education, 2016.

When citing a specific chapter, add the chapter title and page range:

McCullough, John, and Richard McCullough. “The Civil War Era.” *American Pageant*, 14th ed., McGraw-Hill Education, 2016, pp. 215–245.

Chicago Manual of Style (17th Edition)

Chicago offers two systems: Notes & Bibliography (NB) and Author-Date. Below are examples for both.

Notes & Bibliography

In the bibliography:

McCullough, John, and Richard McCullough. 2016. *American Pageant*. 14th ed. New York: McGraw-Hill Education.

In the footnote:

1. John McCullough and Richard McCullough, *American Pageant* (New York: McGraw-Hill Education, 2016), 312.

Author-Date

In-text citation:

(McCullough and McCullough 2016, 312)

Reference list entry:

McCullough, John, and Richard McCullough. 2016. *American Pageant*. 14th ed. New York: McGraw-Hill Education.

Harvard Referencing

Harvard style, often used in UK academia, follows this pattern:

Author(s). (Year) Title. Edition. Place of publication: Publisher.

For the 14th edition:

McCullough, J. and McCullough, R. (2016) *American Pageant*. 14th ed. New York: McGraw-Hill Education.

When referencing a specific chapter:

McCullough, J. and McCullough, R. (2016) ‘The Civil War Era’, in *American Pageant*(14th ed.), McGraw-Hill Education, pp. 215–245.

Common Mistakes to Avoid

1. Omitting the edition – Many citation tools default to “1st ed.”; always verify the edition number.
2. Incorrect author order – The first author should be listed first, followed by the second.
3. Missing italics – The book title must be italicized in all styles.
4. Wrong publication year – Double check the year on the title page.
5. Using a generic publisher name – Include the full publisher name (e.g., McGraw Hill Education).
6. Failing to include the ISBN – While optional, the ISBN aids precise identification.

How to Locate the 14th Edition

Finding the correct edition is crucial. Here are some reliable methods:

- Library Catalogs – Search WorldCat or your university library’s online catalog using the ISBN 978-0134388427.
- Book Retailers – Online stores like Amazon or Barnes & Noble list the 14th edition with detailed metadata.
- Publisher’s Website – McGraw Hill Education provides edition details and a digital download option.
- Academic Databases – JSTOR or ProQuest may host the eBook version; ensure you have access rights.

Using American Pageant 14th Edition in Your Research

Beyond citation, the 14th edition offers several features that enhance research:

- Primary Source Appendices – Each chapter includes a curated list of primary documents for deeper analysis.
- Cross-Referencing Notes – Footnotes and endnotes link to other chapters and external resources.
- Discussion Questions – These stimulate critical thinking and can serve as a basis for research questions.
- Bibliographic Endnotes – Provide a comprehensive list of secondary sources for extended reading.

When incorporating the book into your paper, consider the following strategies:

1. Quote directly from the text only when the phrasing is essential to your argument.
2. Paraphrase complex ideas, and always provide a citation.
3. Use the primary source appendices to support claims with original documents.
4. Cross reference the discussion questions to frame your thesis or research question.
5. Include the bibliography entry in your reference list to allow peers to locate the source.

Integrating Multiple Editions in Comparative Studies

Some scholars compare how interpretations evolve across editions. When citing multiple editions, distinguish them clearly:

McCullough, J. and McCullough, R. (2006). *American Pageant*. 10th ed. New York: McGraw Hill Education.

McCullough, J. and McCullough, R. (2016). *American Pageant*. 14th ed. New York: McGraw Hill Education.

In-text, you might write: “The portrayal of Reconstruction shifted noticeably between the 10th and 14th editions (McCullough & McCullough 2006, 2016).”

Digital vs. Print: Citation Nuances

When citing a digital copy, add the DOI or URL and the access date. For example, in APA:
