Grimm Titles and Air Dates: A Complete Guide to the Legendary Series

The television series **Grimm**captivated audiences with its blend of supernatural intrigue, gritty detective work, and mythic folklore. From its first episode in 2011 to its final season in 2017, the show followed Nick Burkhardt, a homicide detective who discovers he is a Grimm—an ancient guardian tasked with keeping the balance between the human and the creature worlds. Fans of the show often seek a reliable reference for every episode's title and original air date, whether they're planning a binge watch or simply reminiscing about their favorite moments. This comprehensive guide covers all 161 episodes across six seasons, offering a detailed list of titles and air dates, along with insights into the series' development, key story arcs, and behind the scenes trivia.

Why Episode Lists Matter to Grimm Fans

Episode lists serve several purposes:

- Navigation: They help viewers locate specific episodes for re watching or reference.
- Story Tracking: Fans can follow plot threads, character arcs, and mythological lore.
- Community Engagement: Discussions on forums, fan sites, and social media often revolve around particular titles and dates.
- Academic Analysis: Scholars and writers studying television narratives use episode data to analyze themes and pacing.

Because of this, a well structured, searchable list of*grimm titles and air dates*is an essential resource for anyone invested in the series.

Season by Season Breakdown

The show aired six seasons, each with its own tone, character development, and mythic focus. Below you'll find a season by season list of episode titles and their original U.S. broadcast dates.
